

Six Essential Services Provided by the TFACs

Information & Referral

Referring service/family members to various military and civilian agencies, groups, private organizations, and/or clergy to solve or assist with questions or concerns. The TFAC is the focal point of contact for help and provides direct assistance and/or directs the family member to where resources can be found.

Financial Management

Financial assistance is available to assist with resolving financial issues. These are only temporary solutions to emergency situations. If there are serious issues, other long term assistance with financial planning and budgeting may be needed.

Crisis Intervention

Capable of identifying family crisis situations and provide immediate counseling and assistance to stabilize the situation and refer to appropriate sources for follow-up. Crisis may be personal, social, financial, emotional or medical in nature.

Legal Assistance

The provision of legal information and coordination with the State JAG for assistance with wills, powers of attorney, **Servicemen's Civil Relief Act, and other legal matters** pertaining to deployment. Civil matters will be direct to community partners and/or other organizations that can provide legal services.

TriCare Health and Dental

Assistance in coordinating TriCare enrollment, claims and issues with your nearest Health Benefits Advisor, as well as providing general information on each program available.

ID Cards and DEERS

Information and assistance for eligible family members to obtain identification (ID) cards and enroll in the Defense Enrollment Eligibility Reporting System (DEERS).

Troop & Family Assistance Center's (TFAC's) are established to provide support and assistance to service members and their families. Their primary mission is to inform and support before, during and after a deployment or anytime there is a need.
